Product Specification Sheet

USB 2.0 Webcam

Part #: AVC02EU

Product Description:

• Resolution:
real 300k pixel
VGA format 640x480 (1.3 MegaPixel interpolated).
• Adjustable manual focus, auto white balance, snapshot and auto exposure control.
• Support video conference and video/photo emails.
• Plug & Play.

Product Features and Specifications:

- Easy to use: clip design ensures easy attachment to your notebook or LCD monitor
- USB 2.0: Supports hi-speed data transfer
- Snapshot button: Snapshot button allows you to take and store photos

Product Name	USB 2.0 Webcam	**Technical**	View angle: 54°
Model Number	AVC02EU	**Technical**	Resolution: real 300K-Pixels., 800x600 640x480 352x288 320x240 176x144 160x120
Street Cost	£0 / €0	**Technical**	Frame persec: 30 fps
Colour	Silver	**Technical**	Color: 24-bit, true color
Compliance	Regulatory approval(s): FCC & CE	**Technical**	Focus: 3 cm to infinity
Device Dimensions	5 x 8 x 3.5cm	**Technical**	Camera function: adjustable manual focus, auto white balance, snap-shot button, auto exposure control
Material	Plastic	**Technical**	Power consumption: 300mA(Max.)
System Requirements	One available USB port	**Technical**	Driver for MSN/NetMeeting/Microsoft standard "AmCap"/Skype (BETA)
System Requirements	IBM Compatible PC	**Technical**	Clip-on for notebook/laptop/standard LCD monitor
System Requirements	Windows 2000, XP	**Technical**	LENS: adjustable manual focus

System Requirements	System equipped with Pentium II 200/ MMX/AMD K6 or above	**Technical**	Color compression: RGB 24 & I420
System Requirements	DRAM: 32 MB or above	**Technical**	Colors bit: 32 byte
System Requirements	Sound card, speaker and microphone are required for video and audio recording	**Technical**	Built-in JPEG Compression
System Requirements	A modem or Lan card is required for application of video conference and video mail	**Technical**	AP for VP-EYE Version. 4.0 (Optional)
System Requirements	Hardware – PC with Pentium®II 200 processor or equivalent, USB 2.0 Port, CD-ROM driver. Operating System – Window® 2000/XP	**Warranty**	2 years
Technical	Pixel: VGA format	**Weight**	0.54kg
Technical	USB interface : compliant USB 1.1 & USB 2.0 with Plug and Play
